

*Always innovating for eternal development*

## ABOUT US

EuP Group, formerly known as European Plastic Joint Stock Company (EuP), was founded in 2007 and specialized in producing plastic materials. From a young enterprise, with unremitting efforts, after only 10 years of establishment, European Plastic Company has become the World's Top 5 largest filler masterbatch manufacturers. Since then, tons of opportunities have opened up.

Since 2015, EuP has promoted multi-sector investment in many strategic fields, such as mining, construction materials, renewable energy,... From a business, EuP Group ecosystem was born with many corporation members, such as PolyFill, YBM, EuroStark, EuP Energy,..., many of which have become prominent names in the market.

After 15 years of development, European Plastic Company is now the World's largest filler masterbatch manufacturer, with thousands of customers in over 85 countries worldwide. This strong position has paved the way for the acceleration of EuP Group in the future.
